REQUEST FOR CERTIFICATE OF CORRECTION

APPROVED

R.C. Mason
FOR THE COMMISSIONER OF PAT. & T.M.

Sir:

Parent patent application Serial No. 64,401
was not abandoned, but has in fact issued as U.S.
Patent No. 4,308,624 on January 5, 1982. With respect
to the change to Claim 4, the error is clear from
examining specification page 27, line 8.

R E M A R K S

Patentee does not feel strongly about the
issuance of a Certificate of Correction and would not
object to having this request simply placed in the
permanent file of the Patent Office. However, the
interest of the general public might be better served
by issuance of the Certificate so no one will be mis-
lead into believing that the parent patent application
was abandoned when it, in fact, issued as a U.S. patent.

Respectfully submitted,

FITCH, EVEN, TABIN, FLANNERY & WELSH
